## Предохранитель, вставка плавкая

### аналог, замена

**Automatic Sectionalizing Link**  
The Cooper Bussmann Automatic Sectionalizing Link (ASL) is a self-commisioned circuit-breaking device.

**Capacitor Fusing**  
Explosive and current-limiting capacitor fusing for protection and medium energy interrupter capabilities.

**Current-Limiting**  
An integral part of many distribution systems due to noiseless interruption, no separation required, current-limiting action, and very high current-interrupting capability.

**QR код**  

**Edison Modular Fuse**  
Fully shielded and insulated in-line fuses for use in dead-front, overhead or underground, submersible cable distribution systems.

**Fuse Links**  
Fuse links can be applied to a variety of applications requiring overcurrent protection of distribution systems and equipment.

**Fuses - electronic PCB and small dimension**  
Electronic and small dimension fuses

**Fuses - high speed**  
Compact North American square body, BS 88 and Bimale high speed fuses

**Fuses - IEC and British Standard**  
IEC and British Standard industrial fuses

**Fuses - low voltage midget and supplemental**  
Automotive, in-line, limiters, midget and pin indicating

**Fuses - low voltage UL, CSA branch circuit**  
Classes CC, CP, G, J, RS and H, L, RK1, RKS and T, and plug fuses

**Fuses - medium voltage**  
Medium voltage fuses up to 50kV

**Power Fuses**  
Clip-hinge and under-oil power fuses for system and asset protection

### **где и как купить в Минске?**

Мы не работаем с частными (физическими) лицами.

Мы работаем только с юридическими лицами(организациями) и ИП и только по безналичному расчёту.

**Сделать заявку или запрос можно по телефону факсу или по электронной почте  
Просим Вас указывать в заявке:**

- название предприятия, факс, контактный телефон, контактное лицо;
- полное наименование и количество товара;
- возможность замены или аналоги;

**Компания Ferraz, Shawmut**

**Компания Mersen**
